# New Features in Google Forms

- Toolbar with bold, bullet, underline etc. options
- Different text styles available now.

- Teacher can't save PDF form of the response with her feedback

○

## ***Solution:***

- Teach students to download and save after the score is released OR
- Ask Ss to write teacher's email address, release score and download the PDF (Extra work for the teachers)

# Steps to Create a Google Form

- Go on Google Forms
- Choose the blank copy or any template you would like to use
- Add an image if needed or add text to read
- Add a question
- Choose answer options using the drop down
- Assign points
- Make an answer key
- Show correct answer
- Form Limiter Extension (using an Add-on)
